

Initiated in 2018 by the Board of Management at DYSGU English, the Academic Council is key to maintaining the organization's educational excellence. It meticulously oversees the curriculum from its initial concept and implementation to its detailed evaluation, ensuring the utmost quality in teaching and learning. Additionally, the Council leads strategic efforts to enhance DYSGU English's engagement with innovative teaching methods, improve the learning experience, offer specific feedback to students and health professionals, and encourages global expansion.

The Council diligently endeavours to enhance and solidify partnerships with leaders in both industry and academia, bolstering DYSGU English's standing as a top OET Preparation provider. This distinction is underscored by OET's endorsements for nine Allied Health Professions and recognition as an All-Stars Language Centre. Furthermore, NEAS Australia endorsed the organization's exceptional proficiency in teaching English to speakers of other languages, emphasizing its commitment to excellence in English language education.

Directed by Dr. Hank Duyverman, the Council includes respected figures such as Associate Prof. Mrs. Daljit Rao, Mr. Colin David, Catherine Broadbent, Dr. Munir Ahmed, Dr. Rouchelle Tellis, and Dr. Raj Gopal. Their combined leadership and expertise reflect DYSGU English's commitment to providing exceptional English language education, carefully designed for students and health professionals preparing for a variety of English proficiency tests.
